Abstract

The Harrisonburg-Rockingham Metropolitan Planning Organization (HRMPO) Public Participation Plan (PPP) describes the HRMPO’s responsibilities, goals, and strategies for engaging the public in its transportation planning work. The original PPP adopted by the HRMPO on July 19, 2007. The May 2019 amendment ensures that the document is consistent with the HRMPO’s Title VI Plan and the federal fairness and equity requirements outlined in Federal Regulation Code 490.316 under the Federal Highway Administration. This and other HRMPO documents are on repository at: Central Shenandoah Planning District Commission, 112 MacTanly Place, Staunton, Virginia, 24401.

HRMPO Public Participation Plan

Section 1: Introduction

The Harrisonburg-Rockingham Metropolitan Planning Organization (HRMPO) was established as a result of the designation of the Harrisonburg-Rockingham Urbanized Area (UZA) by the U.S. Census on May 1, 2002. Federal legislation requires that any urbanized area with a population greater than 50,000 have an MPO comprised of representatives of the local jurisdictions as well as state and federal transportation officials. The HRMPO, comprised of a Policy Board and Technical Advisory Committee (TAC), has the responsibility for transportation policy-making in the urbanized area.

The Policy Board leads the HRMPO transportation decision-making process in the HRMPO region to ensure all possible solutions are examined and interests are addressed. The Policy Board is supported by HRMPO staff, with guidance and technical assistance provided by the HRMPO Technical Advisory Committee (TAC), which is comprised of staff from the HRMPO’s member jurisdictions, Harrisonburg Department of Public Transit (HDPT), and state and federal agencies. The HRMPO ensures that current and future expenditures for transportation projects are based on a continuing, cooperative, and comprehensive (three-C) planning process that includes local priorities and mutually agreed upon goals informed by public input.

1.1 PPP Requirements

The Public Participation Plan (PPP) outlines the HRMPO public participation process and reflects the public participation requirements contained in Federal Regulation Code 450.316. The PPP identifies the various methods and ways the HRMPO works to ensure that the public is properly notified of its activities, and that opportunities to participate in the HRMPO’s short- and long-range planning activities are available to all residents.

Furthermore, this plan describes the standard legal procedures for the development, adoption, and amendment of the HRMPO’s three major MPO transportation planning documents: the Long Range Transportation Plan (LRTP), the Unified Planning and Work Program (UPWP), and the Transportation Improvement Program (TIP).

1.2 Relation to the HRMPO Title VI Plan

Federal regulations require the PPP to be consistent with other federal, state, and regional transportation planning documents. This includes the HRMPO Title VI Plan, which was developed to ensure HRMPO follows Title VI and subsequent nondiscrimination regulations, specifically regarding Executive Order 12898 on Environmental Justice and Executive Order 13166 on Limited English Proficiency (LEP). The Title VI Plan contains environmental justice strategies for minority, low-income, and LEP populations that inform the public participation goals and outreach strategies in the PPP. Both the PPP and Title VI Plan contribute to the overall planning process of the HRMPO’s main plans (see Figure 1).

1.3 Periodic Review and Amendment of the PPP

The HRMPO will review and consider revisions to its PPP on a bi-annual basis to ensure that it remains a dynamic and effective document. Review and amendment of the PPP will be done in consultation with various stakeholders as outlined in Section 2.

Section 2: Purpose

The HRMPO values and welcomes public participation in its transportation planning and programming efforts, initiatives, and decision-making processes. The purpose of the HRMPO PPP is to provide a meaningful planning process that seeks a range of representation in public input from different points of view, different needs, and different backgrounds. Points of view that should be represented are demographics (including race, ethnicity, age, income, disability, LEP, gender, and sexual orientation), economic and environmental impact, education and health backgrounds, all modes of transportation, and geography.

2.1 HRMPO will include the following stakeholders in the planning process:

- Citizens
- Affected public agencies
- Representatives of public transportation providers
- Freight shippers and providers of freight transportation services
- Private providers of transportation
- Representatives of users of public transportation
- Representatives of users of pedestrian walkways and bicycle transportation facilities
- Representatives of minority groups, including low-income, disabled, persons with mobility impairments, and LEP populations

Section 3: Goals, Desired Outcomes, and Measures

3.1 The goals of the HRMPO relative to the public participation process are as follows:

3.1.1 Provide complete information on the HRMPO activities to the public to ensure a full and open participation process; and

3.1.2 Provide adequate public notice for public review, input, participation and comment on key decisions regarding the LRTP, TIP, UPWP, Title VI Plan, amendments to the PPP, and transportation planning initiatives and programs of significance; and

3.1.3 Utilize multiple means of public notice to ensure that transportation planning information reaches the broadest possible audience; and
3.1.4 Conduct meetings at convenient times and accessible locations; and

3.1.5 Seek out and consider the needs of those traditionally underserved by existing transportation systems, such as low-income, minority, disabled, seniors, and LEP households who may face challenges accessing employment and other services; and

3.1.6 Ensure that federal environmental justice and LEP requirements, and the equity initiatives outlined in HRMPO Title VI Plan, are always followed; and

3.1.7 Use visualization techniques where appropriate to help describe transportation plans and the TIP; and

3.1.8 Demonstrate explicit consideration and thoughtful response to public input received during the development of the LRTP and the TIP and other planning initiatives; and

3.1.9 Periodically review the effectiveness of this plan and its procedures and strategies to ensure a full and open participation process.

3.2 The desired outcomes of the HRMPO relative to the public participation process are as follows:

3.2.1 An engaged and well-informed citizenry and stakeholders that provides thoughtful and meaningful input and participation to the metropolitan planning process; and

3.2.2 A meaningful and effective partnership between citizens, stakeholders, and the HRMPO Policy Board and TAC; and

5.4 Communication with Public and Community Organizations

5.4.1 The HRMPO will coordinate with the statewide transportation planning public involvement and consultation process, as appropriate.

5.4.2 The HRMPO will identify and communicate with populations traditionally underserved by the transportation network, such as those with disabilities, persons with mobility impairments, LEP, and low-income persons through organizations and media outlets known to serve these populations.

5.4.3 The HRMPO has identified locations of underserved communities using Geographic Information Systems (GIS), and has included this mapping data in the Title VI Plan. The HRMPO will also seek input from these communities throughout the planning phase, and specifically for the TIP and the LRTP updates.

Section 6: Transit and Public Participation

The Harrisonburg-Rockingham public transit program chooses to integrate coordination with the HRMPO and gives formal public notice in this PPP that the HRMPO’s TIP development process is being used to satisfy The Harrisonburg Department of Public Transit’s (HDPT) public participation and public hearing requirements of Section 5307(c).

All public transportation providers in the region may utilize the HRMPO as an entity to augment their public participation process. To that end, the HRMPO will comply with transit planning requirements. Each public notice will state that “public notice of public involvement activities and time established for the public review and comments on the TIP will satisfy the Program of Projects requirements,” as presented in joint Federal Highway Administration/Federal Transit Administration environmental regulations “Environmental Impact and Related Procedures” 23 C.F.R. Part 771. A project that requires an environmental assessment or an environmental impact statement will involve additional public involvement.
Hello Kim,

We appreciate the feedback. My responses to your questions in green below.

I have a few notes/comments on the PPP.

3.1.5 Are Old Order Mennonites included in this? They should be.
   Yes, to our understanding, that was the intent of the original statement (2.1.4), OOMs are considered a traditionally underserved transportation population, that have challenges accessing destinations in the HRMPO, as evidenced by our VA 427 Garber Church Rd Study,

4.3.5 Is the Shenandoah Valley Battlefield Foundation included in this? They should be.

SVBF is included in 4.3.3 and in any other lists of the types of organizations we notify during a public input or document review process. Is the battlefield registered with the National Park Service or VA Dept of Historic Resources (DHR) for preservation/conservation? I thought it was. DHR has it on their VCRIS map, but I couldn’t confirm the District ID. [link]

4.1.4 References SAW MPO instead of HRMPO. Fixed.

4.2.3 Public notice for work group? Are work groups the same as advisory committees referenced in 4.3.2? Do they trigger public notice requirements? No and No.

4.4 & 4.5 Throughout these sections there is a reference to notices being published in “both local newspapers”. What newspapers are you referring to? DNR and Nuevas Raices. This item is maintained as a general statement in the event that changes occur to local news outlets.

4.7 References SAW MPO instead of HRMPO. Fixed.

Thanks,
Jonathan
