

What Is VTRANS 2040?

VTRANS 2040
Statewide
Transportation Plan

Purpose: To develop a cost-effective means to operate, maintain and improve the Commonwealth's transportation systems.

Background: Fed and State law requires update every four years with a minimum 20-year planning horizon. Replaces "VTRANS 2035 Update" with focus on transforming the existing components of VTrans2035 into a new framework for linking system-wide performance evaluations to planning, policy development, and funding decisions.

VTrans Multimodal Transportation Plan (VMTP)

Formerly the (VSTP 2035) surface transportation plan made in 2009
